FOR

THE SIGNS OF THE TIMES

It's the sign of the times which all began four years ago and are still evident today at Stivers High School. The signs have been building up and now have almost reached their climaxes for the "Class of 1970." Once again the faithful seniors are bidding farewell to all their friends and good times at Stivers. And as they prepare to depart from adolescence forever and prepare to take their first step into adulthood; this is the most important sign of the times.

Other signs are all around our school, both inside and out. A minute's glance around the hall or down the street will prove that changes are never ending.

To Freshmen, these signs are rather dim,

WORD

Sophomores, they have begun to progress. To Juniors they are even more visible, and finally to Seniors these signs are unmistakably distinguishable.

So as the members of the "Class of 1970" begin their tedious journey into the new and ever changing world, they leave behind all their delightful experiences as members of the Stivers family. But before the Seniors take that last fateful step for the year "69-70", they dedicate this yearbook to all underclassmen and Faculty members and wish them all the luck and that the "Signs of the Times" may always be on their side.

Seniors

The 1969-70 council has been very active this year in planning activities for Stivers. The council members have been extremely concerned with the problems that faced your school this year.

The council does more than plan dances and decide what dance is held when. They try and settle difficult problems that come about through the year. They want to make Stivers a better school for all.

All the council members have been working for you and Stivers through out this year. When you think of the many improvements that came about this year; think of the '69-'70 council members,

Lynda hard at work???

What time do we get out?

Would you come in Sir? This is Stivers.

Thinking it over.

Would you like to become a clerk typist?

Let's take it easy! Like a typist!

(Mrs. Love) I'm having so much fun!

Going home after a long, hard day!

Career Day

Thinking about what kind of work to go into.

Here comes the FBI.

(Mrs. Rose) Why not try Data Processing?

Becoming a High School Principal just like me?

(Mr. Erhart) Gee OH! Isn't this fun?

Gee! I'm talking to a marine!

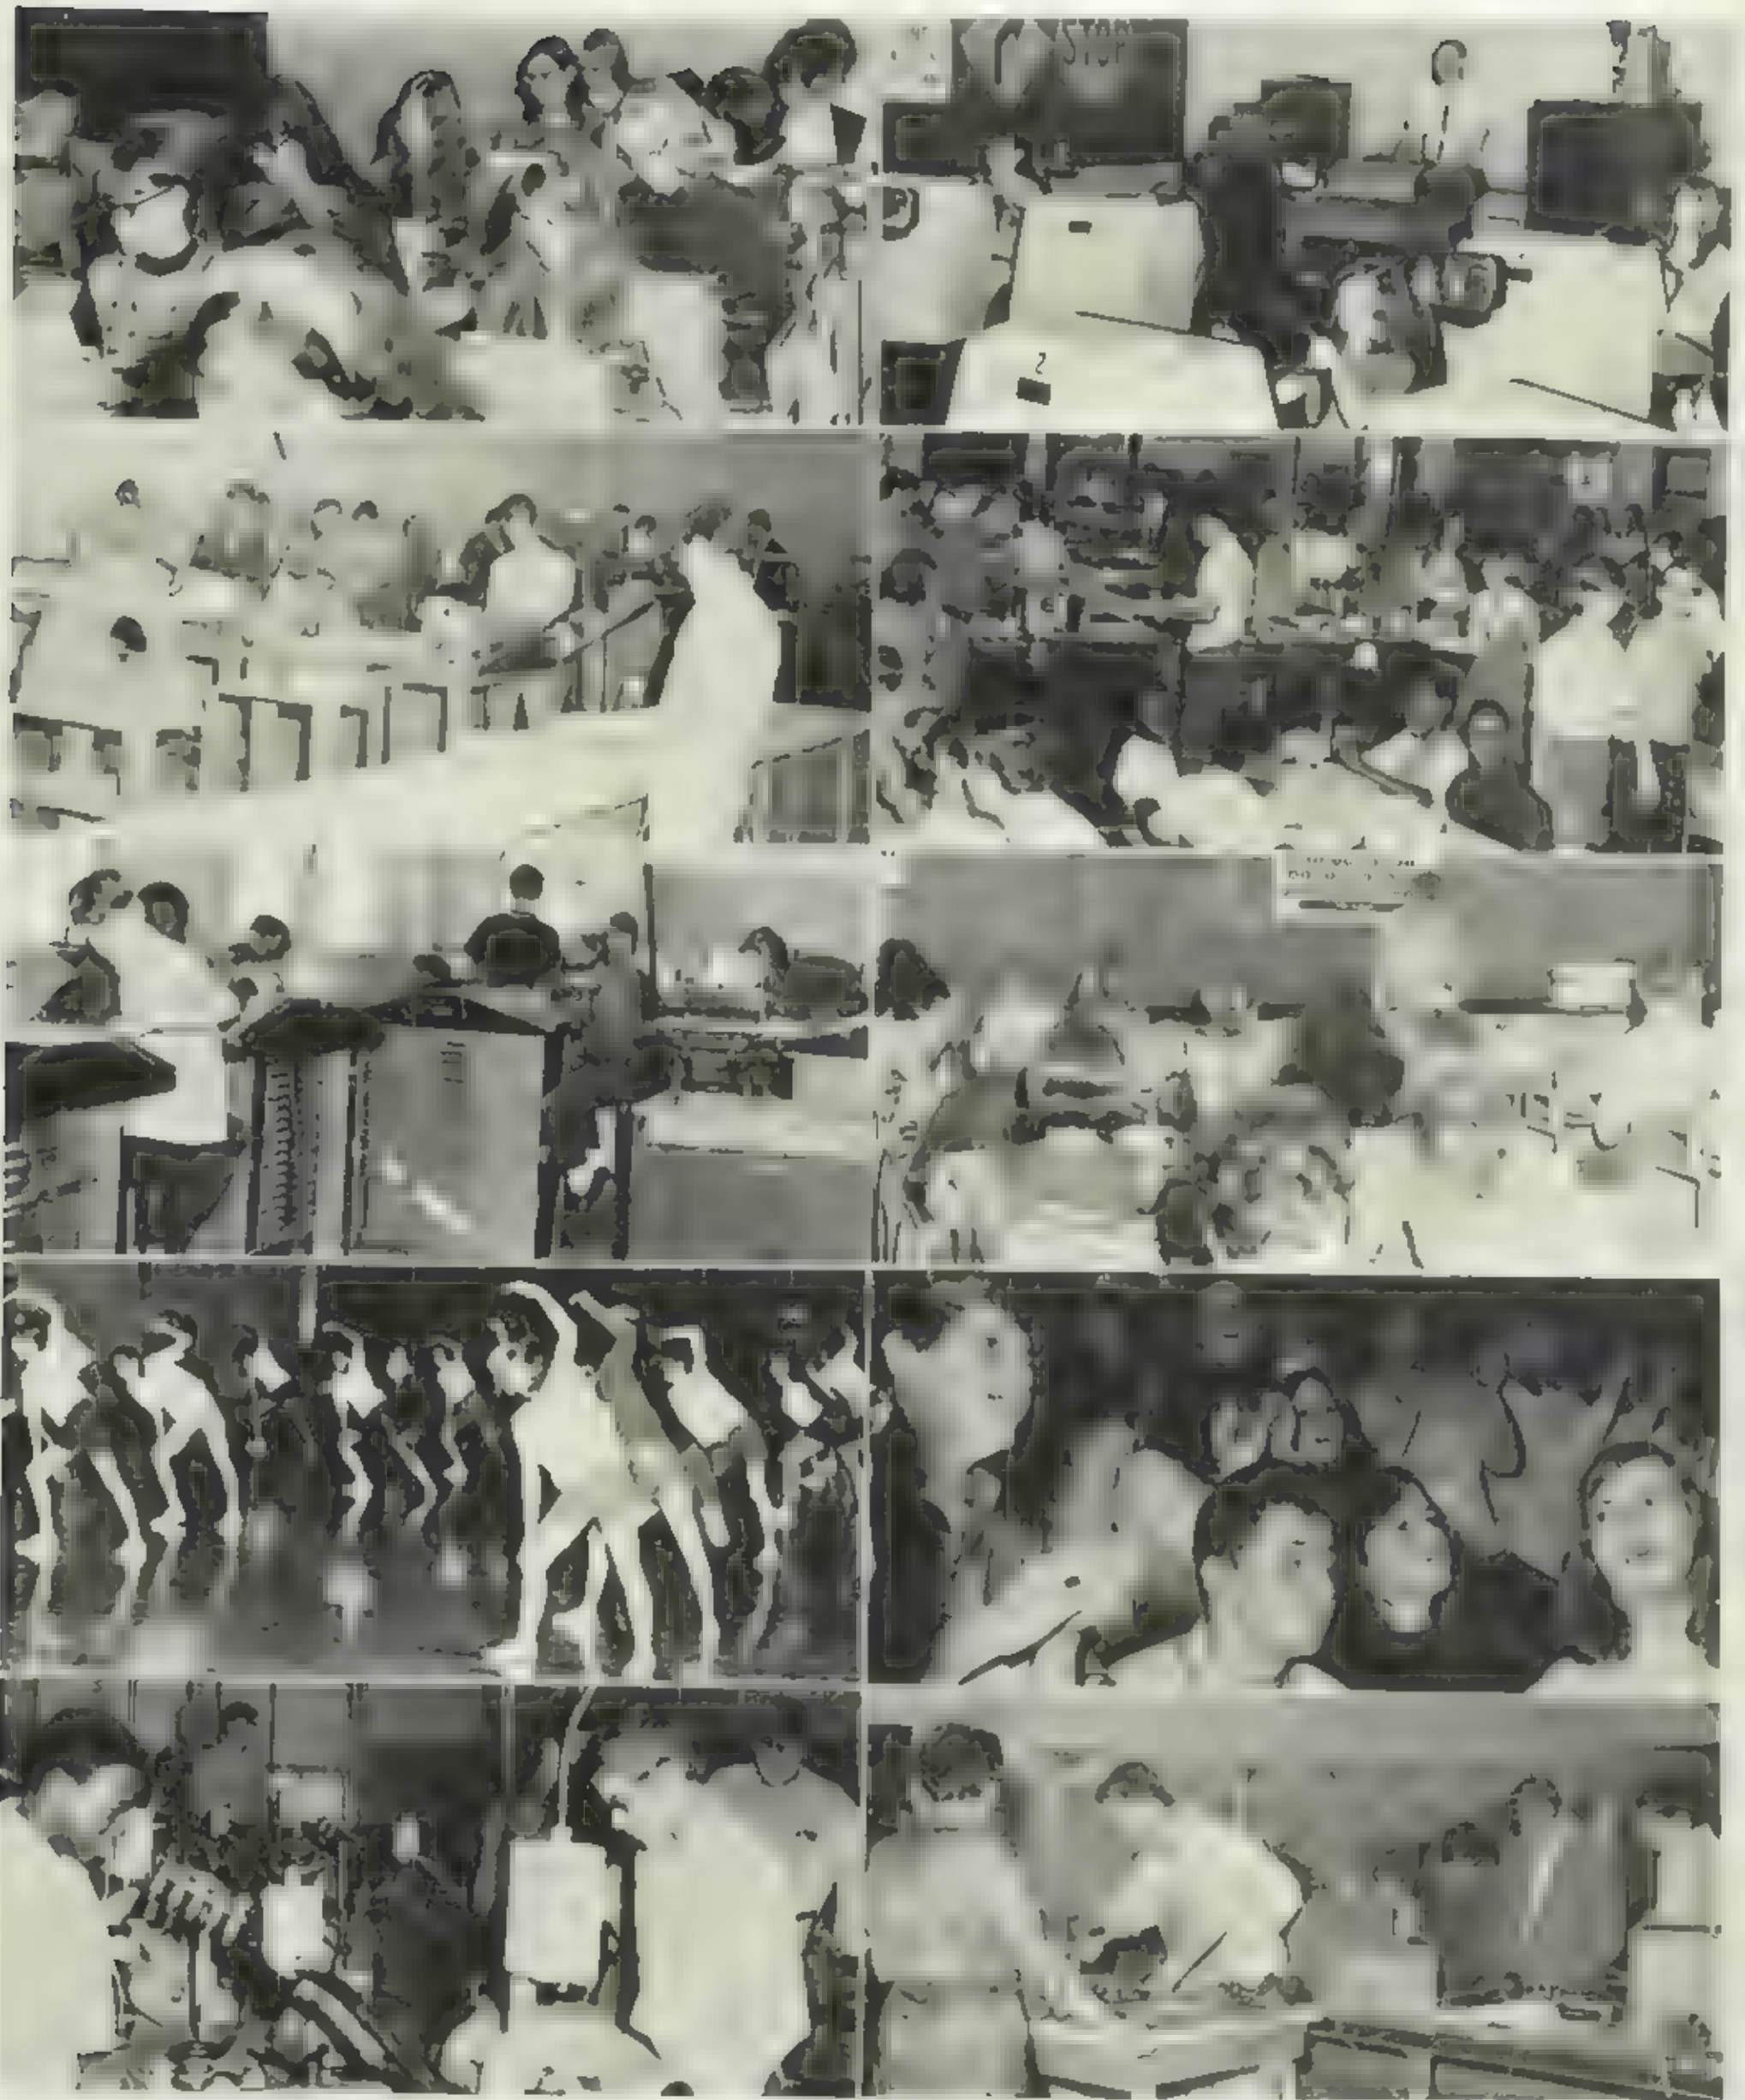

Our sponsor of Career Day, Mrs. DiMatteo.

Mr. Worst) Oh! That food looks tempting.

A Day at Stivers
